## EXPERIENCE

**COMPANY NAME: TECHNOHACKS**

### PROJECTS

❖ **RESPONSIVE CALCULATOR PROJECT**

| Challenge | Solution |
|---|---|
| ➢ **Initially the AC button was not working as wanted.** | ✓ **Looped through each button and applied click event on each button.** |
| ➢ **Responsiveness was not accurate.** | ✓ **Used Flex box to achieve responsiveness.** |
| ➢ **Setting the answer to display at the right side of the display field.** | ✓ **Used flex box(flex-direction) to set the answer to the right also.** |

❖ **PERSONAL PORTFOLIO**

| Challenge | Solution |
|---|---|
| ➢ **Changing the navbar to display each section.** | ✓ **Solved this by connecting the section with the navbar and manipulating the DOM.** |

| | |
|---|---|
| ➢ Positioning the content of the portfolio | ✓ Used CSS position to achieve this by setting attributes like absolute and relative. |
| ➢ Altering the navbar when using Media queries. | ✓ Apply my knowledge of responsive designs. |
| ➢ Making the navbar sticky when scrolling. | ✓ Used JAVSCRIPT to achieve this instead of CSS to improve my skills |

❖ **LOGIN FORM**

| Challenge | Solution |
|---|---|
| ✓ Displaying error message when the user fails to provide the necessary information i.e email and password. | ✓ This was solved applying JAVASCRIPT Logic I learnt in my bootcamp days i.e If(s) and else(s) statement. |
| ✓ Making sure the user input some characters to make a strong password. | ✓ Solved this problem by setting the characters in a variable of an array such that if the passwords do not include any of the array values error message will be displayed. |
| ✓ Password Length. | ✓ Took the value of the input and check the length. |

**Others**
- **API INTEGRATION :** TV SHOW APP that returns the image of the movie when the user enters any letter of the movie name. This project was done to prove API knowledge….
- **Freelance Project:** Used react to build a business landing page.
- **QUIZ APP:** Built this app for my colleagues in school to pass their exams which contains a lot of questions Anatomy exams questions.

## INTEREST

❖ **FOOTBALL:** I love playing as a midfielder. Currently playing as a center midfielder for my department team.

❖ **Teaching:** Teaching people has helped me a lot in my academic life as a student and as a web developer. Just started a tutorial for my school mates for those that are interested in technology.

❖ **LERANING:** Even if it is not relevant to my field of study, I still learn it if it interests me.
